

Laetitia Colombani

Postdoc in Polytechnique in 2023-2025. I'm interested in several stochastic processes, in particular in ones that can be applied in biology.

Email: laetitia.colombani@polytechnique.edu

CURRENT SITUATION

Ecole Polytechnique

Postdoctorate

Team PEIPS

Funded by the ERC SINGER obtained by Sylvie Méléard

Palaiseau, France

September 2023 - August 2025

EXPERIENCE

Institute of Mathematical Statistics and Actuarial Science

Postdoctorate

Teams of David Ginsbourger and Riccardo Gatto, with the Department of BioMedical Research of Bern
Funded by UniBE ID Grant (Interdisciplinary grant of the University of Bern) obtained by Riccardo Gatto.

Bern, Switzerland

September 2022 - August 2023

Mathematical Institute of Toulouse

PhD student with teaching commitment

Toulouse, France

October 2019 - August 2022

EDUCATION

PhD student in Probabilities

IMT (Institute of Mathematics of Toulouse)

“On asymptotic behaviour of stochastic processes on neuroscience”, supervised by Patrick Cattiaux and Manon Costa.

Defended on July 4th, 2022, in front of François Bolley (Reviewer), Gersende Fort (President of examination board), Eva Löcherbach (Reviewer), Christophe Poquet (Examiner)

Toulouse, France

October 2019 - August 2022

ENS of Cachan (or Paris-Saclay)

End of bachelor degree, two master degrees.

Cachan, France

2015–2019

- **M2 Mathematics of randomness**, *University Paris-Sud. 2018-2019*
Internship : Study of Hawkes processes (IMT, Toulouse ; supervised by Manon Costa and Patrick Cattiaux)
- **M2FESUP, Preparation of the “agrégation”** (French competitive exam for high school and university teacher), *ENS of Cachan. 2017-2018.*
Probability option. Admitted at the 45th rank.
- **M1 Mathematics, Track Jacques Hadamard**, *ENS of Cachan and University Paris-Sud. 2016-2017*
Internship : Study by simulations of bayesian estimation in non-linear mixed models in PK/PD (IRIS, Suresnes ; supervised by Adrien Tessier)
- **L3 Mathematics**, *ENS of Cachan and University Paris Diderot. 2015-2016*
Internship : A semi-supervised learning approach to annotate medical data (CMLA, Cachan; supervised by Nicolas Vayatis and Charles Truong)

CPGE - Preparatory class for “Grandes écoles”

Lycée Champollion, Grenoble. MP* branch, Informatic option

Grenoble, France

2013–2015

RESPONSIBILITIES

- Representative of PhD Students in the Doctorale School EDMITT October 2019 –July 2022
- Co-organisator of workshop *New trends on Hawkes Processes* June 2022
- Organisator of the annual information day for PhD students in IMT November 2021
- Co-organisator of the annual information day for PhD students in IMT October 2020

Peer-reviews

- Stochastic Processes and their Applications

STUDY GROUP

- Participation to the Chair **Mathematics and Biological Modelization** 2023 -
- Participation to **Mathematics, Biology and Health** group November 2021 - August 2022
- Participation to a study group on **Hawkes processes** Spring 2021

PUBLICATIONS

Articles

- [1] Patrick Cattiaux, Laetitia Colombani, and Manon Costa. “Limit Theorems for Hawkes Processes Including Inhibition”. In: *Stochastic Processes and their Applications* 149 (2022). DOI: 10.1016/j.spa.2022.04.002.
- [2] Patrick Cattiaux, Laetitia Colombani, and Manon Costa. “Asymptotic deviation bounds for cumulative processes”. In: *Stochastic Processes and their Applications* 163 (2023). DOI: 10.1016/j.spa.2023.05.010.
- [3] Laetitia Colombani and Pierre Le Bris. “Propagation of chaos in mean field networks of FitzHugh-Nagumo neurons”. In: *Mathematical Neuroscience and Applications* 3 (2023). DOI: 10.46298/mna.9748.

TALKS

- **Potsdam Research Seminar in Probability Theory**
April 2023, Potsdam (Germany)
- **Seminary of Probability and Statistics**
November 2022, Nice (France)
- **Workshop of the project ANR EFI**
November 2022, Lyon (France)
- **Seminary of Probability and Statistics**
November 2022, Nancy (France)
- **MAS Days** organised by the MAS group (Stochastic modelisation and Statistic) of the SMAI (Société de Mathématiques Appliquées et Industrielles) - session Limit Theorems
August 2022, Rouen (France)
- **Potsdam Research Seminar in Probability Theory** organised by Probability Theory Chaire
June 2022, Potsdam (Germany) (videoconference)
- **Ecole d’été d’Aussois** organised by the chaire MMB (Mathematical Modelling and Biodiversity)
June 2022, Aussois (France)
- **Workshop New trends on Hawkes Processes** organised by Anthony Réveillac, Mahmoud Khabou and I
June 2022, Mathematical Institute of Toulouse (France)

- **Workshop Metastability, mean-field particle systems and non linear processes** organised by the ANR projects METANOLIN and QuAMPProcs
May 2022, St-Etienne (France)
- **Workshop** organised by Statistics teams of Bern and IMT
May 2022, Bern (Switzerland)
- **Mathematic, Biology and Health Group**
January 2022, Mathematical Institute of Toulouse (France)
- **PhD day of team Probabilities**
January 2022, Mathematical Institute of Toulouse (France)
- **Forum des jeunes mathématicien.ne.s (Young mathematicians fair)** organised by the association Femmes et Mathématiques (Women and Mathematics association)
December 2021, Besançon (France)
- **Stochastic processes and statistical machine learning, III** organised by the Collège Doctoral Franco-Allemand (French-German Doctoral College)
November 2021, Potsdam (Germany)
- **Colloque Jeunes Probabilistes et Statisticiens (Young Probabilists and Statisticians colloquium)** organised by the group MAS of the SMAI
October 2021, Ile d'Oléron (France)
- **Seminary of SAMM: Statistics, Analysis and Multidisciplinary Modelisation**
October 2021, University Paris 1 Panthéon-Sorbonne 1
- **Journées de travail sur les processus de Hawkes (Workshop on Hawkes processes)** organised by Arnaud Le Ny from LAMA
July 2021, IHP (Paris)
- **Journées de Probabilité (Probability Days)** organised by University of Rennes
June 2021, Lorient
- **PhD day of team Probabilities**
February 2021, Mathematical Institute of Toulouse
- **Seminary of PhD students**
January 2021, Laboratory of Mathematics Jean Leray in Nantes (videoconference)
- **Seminary of young mathematicians**
June 2020, Mathematical Institute of Orsay (videoconference)
- **PhD and Post-doc day of team ESP**
November 2019, Mathematical Institute of Toulouse

Participation to workshops

- **Probability meets Biology II**
June 2023, University of Bath

TEACHING

University Paul Sabatier

Toulouse, 2021 –2022

- **Lectures and tutorials of Introduction to Statistics** for a class of L3 Biology (18h)
Basic facts in Probability. Estimation, confidence intervals. Statistical tests.
- **Practical work on Tools for Discrete Maths** for two classes of L1 (2 x 6h)
(Python 3) Euclidean algorithm, exponentiation by squaring, congruences.
- **Lectures and tutorials of Introduction to Statistics** for a class of L2 Biology (18h + 2h Pratical Work)
Basic facts in Probability. Estimation, confidence intervals. Statistical tests.

- **Tutorials of Mathematics** for two classes of L1 Biology (2 x 32h)
Probability, sequences, usual functions, derivation, integration, ODE

- **Tutorials of Mathematics** for a class of L1 Biology (32h)
Probability, sequences, usual functions, derivation, integration, ODE
- **Practical work on Stochastic Modelisation** for M1 MAPI3 (Applied Mathematics for Engineering, Industry and Innovation) (around 32h)
(Python 3). Monte-Carlo Method, Gaussian Model, Branching process, Poisson process, etc.

POPULARIZATION, ETC.

- Participation to 2 scientific online speed meetings, for middle and high school girls, organized by the association Femmes et Mathématiques April and May 2023
- Talk about May 12 and Matilda effect, in the PhD student seminar of IMT 12th May 2022
- Scientific “speed dating” at the “Quai des savoirs” - cultural center dedicated to science and knowledge (Toulouse) to explain mathematical research to general public March 2022
- Mentoring of teenagers (around 15 years old) during their job shadowing for some days 2019 - 2022

COURSES

- **First aid course** (PSC1 in France)
- **Teaching:** How to help dyslexic students, Teaching in higher education, Didactic theatre...

LANGUAGES

- **French:** Native speaker
- **English:** Advanced
- **Spanish:** Intermediate

INFORMATIC

- **Python:** Usual practice
- **R, C++, Caml, Scilab:** Good knowledge
